DETAILED ACTION

1. This Office Action is response to Applicants' AMENDMENT filed 05/27/2008.
2. Claims 1-6 and 29-36 have been cancelled.
3. Claims 37-42 have been added
Claims 7-28 and 37-42 are allowed.

Allowable Subject Matter

4. The present application has been thoroughly reviewed. Upon searching a variety of databases, the examiner respectfully submits that claims 7-28 and 37-42 are allowed in light of the applicants' argument and in light of the prior arts of made record.

The following is an examiner's statement of reasons for allowance:

5. Combination of Patent No.: US 7,058,626 B1 issued to Pan et al. Patent No.: US 6,327,590 B1 issued to Chidlovskii et al. and Patent No.: US 6640218 B1 issued to Golding et al. fail to teach a search engine interface configured to allow the search engine wrapper to communicate with the registered search engine in the native format of the registered search engine, wherein the search engine wrapper includes a wrapper ID, wherein the search engine wrapper presents the wrapper ID to a search engine store to identify the search engine wrapper during a registration process; and discovering the search engine registered with a search system by accessing the search engine store and identifying the search engine wrapper ID associated with the registered search.

6. These distinct features, in conjunction with all other limitations of the dependents and independent claims render claims 7-28 and 37-42 them allowable.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
